

# REVENUE CYCLE EVALUATION AND EFFECTIVENESS

## WHO WE ARE

**Granite GRC Consulting** is a full-service governance, risk and compliance consulting firm providing trusted advice and support to organizations striving to maximize resources while managing risk.

We enhance your revenues, efficiencies and reputation through delivering creative, practical and strategic solutions to your most pressing challenges. By working

within your priorities and focusing our efforts where they bring the most value, we efficiently fine tune your operations while effectively helping you to avoid surprises by obtaining complete, reliable information that supports your strategic and day-to-day decisions. Working together, we produce consistently great results for you, your customers and your colleagues, while raising and protecting your profitability and bottom line.

## Our Revenue Cycle Evaluation and Effectiveness Services

Secure the full benefits of your hard work by ensuring your revenue cycle is appropriately serving you. Granite GRC can help fine-tune your operations and address payment and reimbursement challenges before they produce costly mistakes. With our experience and thoughtful approach, we assist organizations in identifying and addressing challenges for an array of varying payment systems and requirements, from inpatient and outpatient services through telehealth, to dental, ASC, FQHCs, PACE, home health, hospice and others. No revenue cycle operation is perfect, but with Granite GRC's guidance, your organization can improve its payment and reimbursement processes and results, leading to better business performance.

As an organization focused on revenue cycle evaluation and effectiveness, we provide advice and support for:

- Payor contracting, including FFS, PPS, risk adjustment, capitation, bundled payments, value-based, shared savings and other payment models
- Health care revenue cycle management, from credentialing through appeal of denials
- Concierge and cash medicine models
- Coding and billing documentation review and analyses
- Medicare Incentive Payment System (MIPS) analyses and improvement
- Charge capture analysis and credit balance reviews
- Denials management and appeal
- Credit balance reviews
- UPIC review analyses and responses
- Voluntary and mandatory self-reporting
